

***Training workshop on crop and agro climatic modelling,
environmental valuation, and survey methods***

**Venue: Centre for Environmental Economics and Policy in Africa
(CEEPA), University of Pretoria, Pretoria, South Africa**

Date: June 18-22, 2007

DAY 1: Monday June 18 (09:00 to 17:00 hrs)

Agrometeorological Crop Modelling

By Wiltrud Durand, Agricultural Research Council (ARC), South Africa

DAY 2: Tuesday June 19 (09:00 to 17:00 hrs)

**Hands-on computer sessions on Software DSSAT for analyses of sensitivity of crop
yield to climate change**

By Wiltrud Durand, Agricultural Research Council (ARC), South Africa

DAY 3: Wednesday June 20 (09:00 to 17:00 hrs)

Valuation of environmental hazard damages

By Wisdom Akpalu, CEEPA, University of Pretoria

DAY 4: Thursday June 21 (09:00 to 17:00 hrs)

Survey design and sampling techniques

By Rashid Hassan, CEEPA, University of Pretoria

DAY 5: Friday June 22 (09:00 to 17:00 hrs)

Processing climate data for agro-economic modelling

By Chris Jack, ESG, University of Cape Town

17:00 hrs CLOSING
